

Speak Easy

Building Young Leaders through Public Speaking

Stand Up and Shout Out... This Class is FUN!!!

Isn't learning how to captivate an audience something that everyone could benefit from? Why not start practicing these skills early when it's easiest to overcome fears. Through engaging, interactive games and fun activities, you and your classmates will learn and practice the following skills:

- *Learn how to "WOW" an audience with public speaking techniques.*
- *Improvisation-sometimes acting goofy is the best way to overcome fears.*
- *Team building and leading others*
- *Explore key methods to become a leader in family, school, community and life.*

This class is all about inspiring kids to do great things! And the best part is that it is fun, too! The class will culminate with an interactive presentation for family and friends.

**Online Registration Opens
Wednesday, September 21**
