

# Mystery Busters

**Have you always wanted to solve the crime?  
Do you love watching CSI?  
Are you in 2nd-5th grade?  
Then become a Mystery Buster!**

## “Mystery Busters” After School Enrichment

Are you a mystery buster? Then come to the lab and solve the crime. Learn the techniques of a forensic scientist and use your analysis, comparison, and deductive reasoning skills to solve a variety of imaginary mysteries.

You will classify fingerprints of suspects, make impressions, learn the science of chromatography and analyze key evidence to determine who committed the crimes.

*Grasshopper's mission is to empower youth with life tools so that they may have every opportunity to be successful in life and contribute their gifts to the world. At Grasshopper, we strive to make every learning experience as unique and special as each student who attends our programs. Integrated into each of our classes are important life skills that will carry each child into junior high, high school and beyond. We believe it's never too early for children to learn to apply their knowledge to the real world.*
